WELCOME TO SCHOOL!

Public kindergartens (*jardins de infância*, for children aged 3 to 6) and primary schools (*escolas de 1.º ciclo*) are open on working days, from 8h00 to 19h00, providing teaching and extra-class activities.

Teaching

Kindergarten: Children are in the classroom with their teachers from 9h00 to 15h00.

Primary schools: teaching takes place from 9h00 to 16h00. Children have access to *Natação Curricular* (swimming lessons), *Blocos de Jogos* (games), dancing and judo classes, as well as cultural activities such as field and theatre trips.

Syllabus enrichment programs

Primary schools – *Atividades de Enriquecimento Curricular (AEC)*

These programs are devised to complement the syllabus. They vary from school to school, but usually cover activities in the fields of sports, arts or information and communication technologies, always in a close relationship with the school and its surroundings. Schools must provide them, but attendance is not mandatory.

Kindergarten (AAAF) and Primary Schools (CAF)

In order to make school schedules compatible with family life, kindergartens and primary schools provide social services that allow children to stay in school premises after class and in the holidays. During those hours, children may simply be asked to play as they will or to take part in supervised planned activities. Each school devises a plan adapted to its own reality. These activities are named AAAF in kindergarten and CAF in the following years and must be paid for by families.

All students are entitled to AAAF and CAF activities, including those integrated in specialised support units.

Both during term and school breaks, the maximum amount a family may be charged for AAAF and CAF attendance is established in line with ASE rates and the number of days attended.

What support is available

School support benefits are organised through ASE (School Related Benefits) and cover a range of support mechanisms. Parents must ask about their family ASE rate and the way school support benefits work at the school's administrative offices.
